

Clip Light

Nite Beams'™ Clip Light provides bright illumination and high visibility where needed. The four super bright LEDs provide excellent, hands-free lighting while walking or working in low-light conditions.

FEATURES INCLUDE:

- Lights create a wide beam of ultra bright white light that illuminates working area up to 30 feet
- Attaches to most any type headwear (baseball cap, hard hat, etc.) with a very tight clasp, making it ideal for mechanics, plumbers, electricians, hunters, fisherman, night roadway workers, security personnel, night delivery and any activity needing hands-free illumination
- Provides up to 10 hours of light
- Push the button for illumination, push again to turn it off
- USB charging cord included. Recharging time approx. 2 hours
