

Hi Vis LED Class 2 Safety Vest

The Hi Vis Class 2 break-away vest is the perfect addition to any set of gear to give you and your employees the extra visibility that you need to be seen.

A creator of award-winning products, you know Nite Beams'™ class 2 vests can be the dependable, effective piece of safety equipment that you need when working in low-light places.

FEATURES INCLUDE:

- ANSI/ISEA 107-2015 Type R Class 2 compliant, exceeding visibility requirements
- Each vest offers a simple 5-point breakaway system and front closure
- 24 super bright LEDs are visible up to 1/4 mile away
- Powered by a USB rechargeable lithium ion battery, simply plug it into any USB port and recharge for a little over an hour charging cord included
- Provides up to 10 hours of illumination in constant mode and up to 20 hours in flashing mode
- Each vest also features 2" silver reflective tape
- Vests are made from 100% polyester mesh and feature one internal left two-tiered chest pocket with pen division and one internal lower right patch
