

WORK ZONE COMMANDER

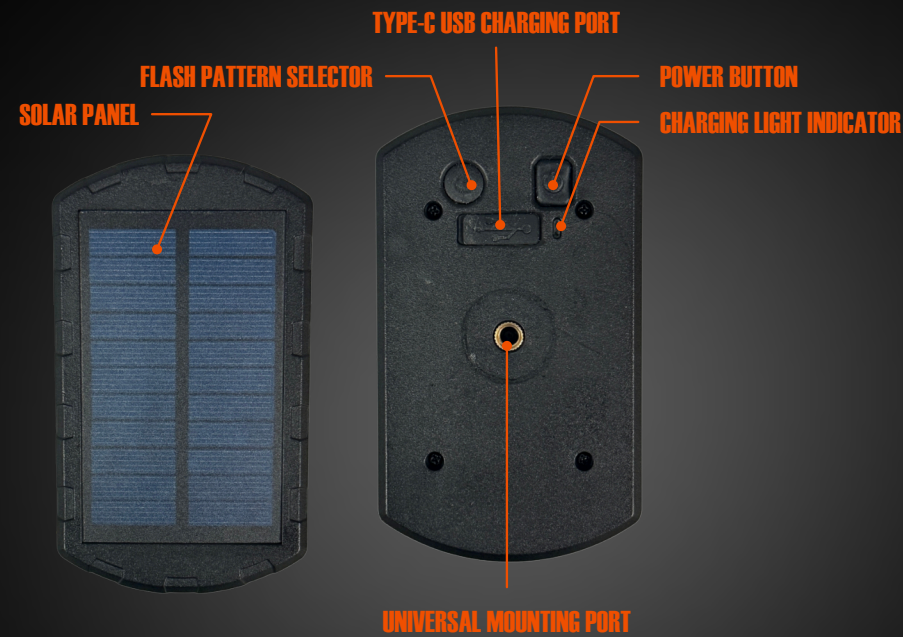

WORK ZONE COMMANDER

The Work Zone Commander continues the legacy of innovation inspired by the vision of our founder, Mike 'Tonto' Alexander. He addressed outdated or lack of illumination on barricades, orange barrels and other work zone devices and created the Work Zone Commander™.

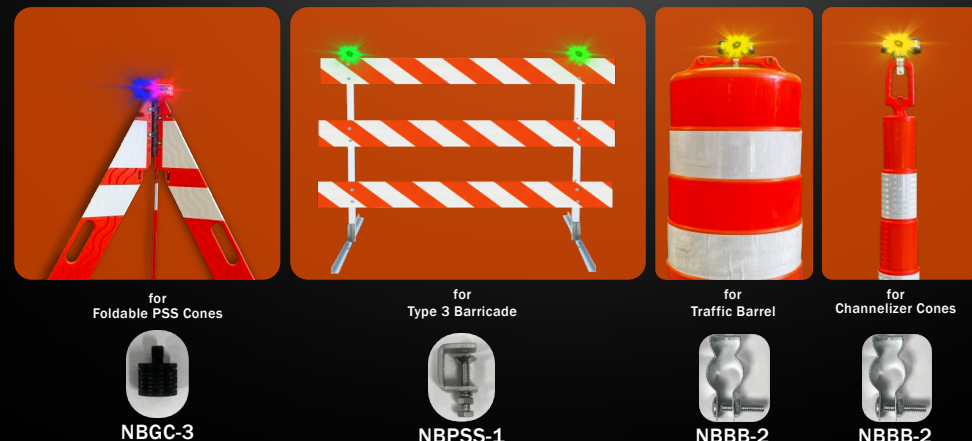

The Work Zone Commander™ can be attached to almost any type of barricade and is visible from all directions, creating a much needed safer work zone.

Alexander believes alerting motorists earlier via illumination before entering work zones will give drivers ample time to slow down and move over. Work Zone Commander™ will reduce accidents and fatalities, which we all want.

- VISIBLE UP TO 1 MILE IN ALL FOUR DIRECTIONS
- IP 65 RATED, DURABLE, MILITARY GRADE CASING
- 55 HOURS RUN TIME (FLASHING MODE) WITH BACK UP SOLAR PANELS FOR ADDITIONAL RUN TIME OR CHARGING, AND 45HRS IN CONSTANT MODE
