

Worklight Commander

Our amazing versatile Worklight Commander™ was introduced in 2024, and became an instant hit with Law Enforcement, Fire Depts., Public Works, Towing Industry, Delta Airlines, and other industries. Worklight Commander™ is so popular that we doubled our factory orders.

Joseph W. Gregory
Chief of Department
Albany Fire Department
Albany, New York

The Albany Fire Department purchased 18 Worklights Commanders which we distributed and placed in service on our ladder companies and service division apparatus.

These work lights were critical, almost immediately, after placing them in service during back-to-back vacant building fires. The portability and easy of use were extremely helpful to our members, as the enhanced a safe operation around the fire ground.

As we are currently utilizing the Worklight Commander, we found it to be extremely useful to our operations. Can you please send me a quote for 12 additional Worklight Commanders?
